Superintendent's Report

February 1, 1937

To the School Board of Dummer:

Herewith is presented, for your inspection, the annual report of the Superintendent of Schools.

For the year ending June 30, 1936, two schools were maintained — Willis and West Dummer. Pupils from Pontook District were transported to the West Dummer School.

Four pupils were graduated in June from the Eighth Grade of the Willis School, and also four from the West Dummer School.

At the present time, eleven pupils of the town are going on with their education in High School. Next year there will probably be a still larger number of your pupils in High School.

The Superintendent has, during the year, visited your schools at frequent intervals and has inspected all classes and tested them in their essential subjects.

The schools opened the present school year with Miss Ruth Wells as teacher of the Willis School and Miss Reta Thayer at West Dummer.

These are both teachers of experience and I believe that the work in both schools is now being conducted very well and that all pupils are now progressing at a rate commensurate with their ability.

Statistics of Dummer Schools for the year ending June 30, 1936
